Snakes and Ladders

If you land on the head of a snake or the bottom of a ladder you have to answer the question in the square. If the answer is correct you may move up to the top of the ladder, if your counter is on the head of a snake you may stay where you are. If the answer is not correct you must stay at the bottom of the ladder or you must go down the snake.

The first team (player) to reach the FINISH is the winner.
